

Chameleon Pinning Shapes

- Specifications -

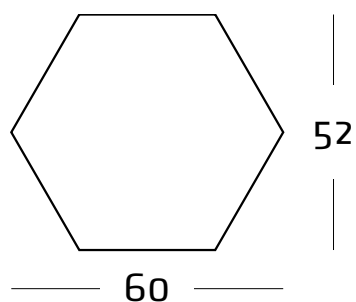

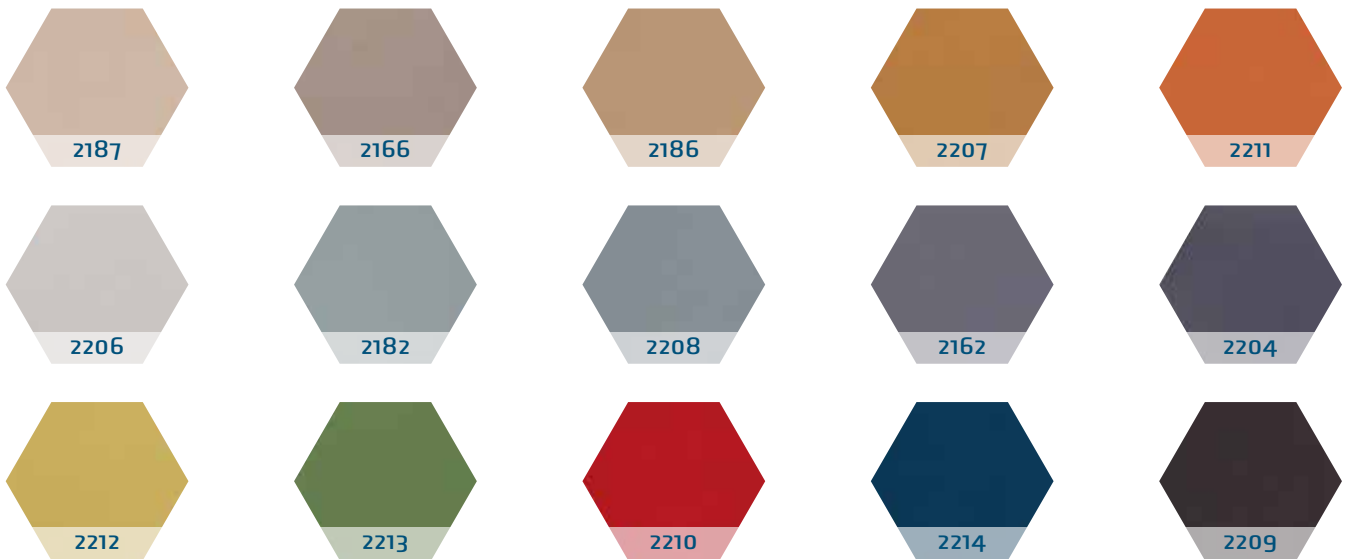

Pin board as artwork

Is it a pin board or is it a piece of art? It's both! That makes Chameleon Pinning Shapes a unique product. Thanks to the special features of the bulletin material, these panels also contribute to pleasant acoustics in your institution. The panels have a magnetic surface at the back. By mounting the metal brackets on the wall, the panels can be hung exactly where you want and changed again later. Create your own constellation by playing with forms and colours. Like some variation? The same forms on these panels are also available in writeable enamel.

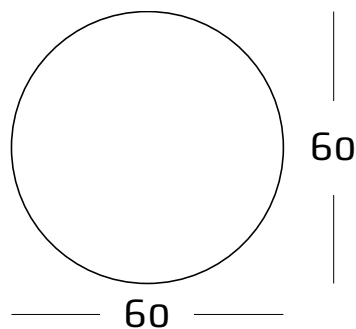

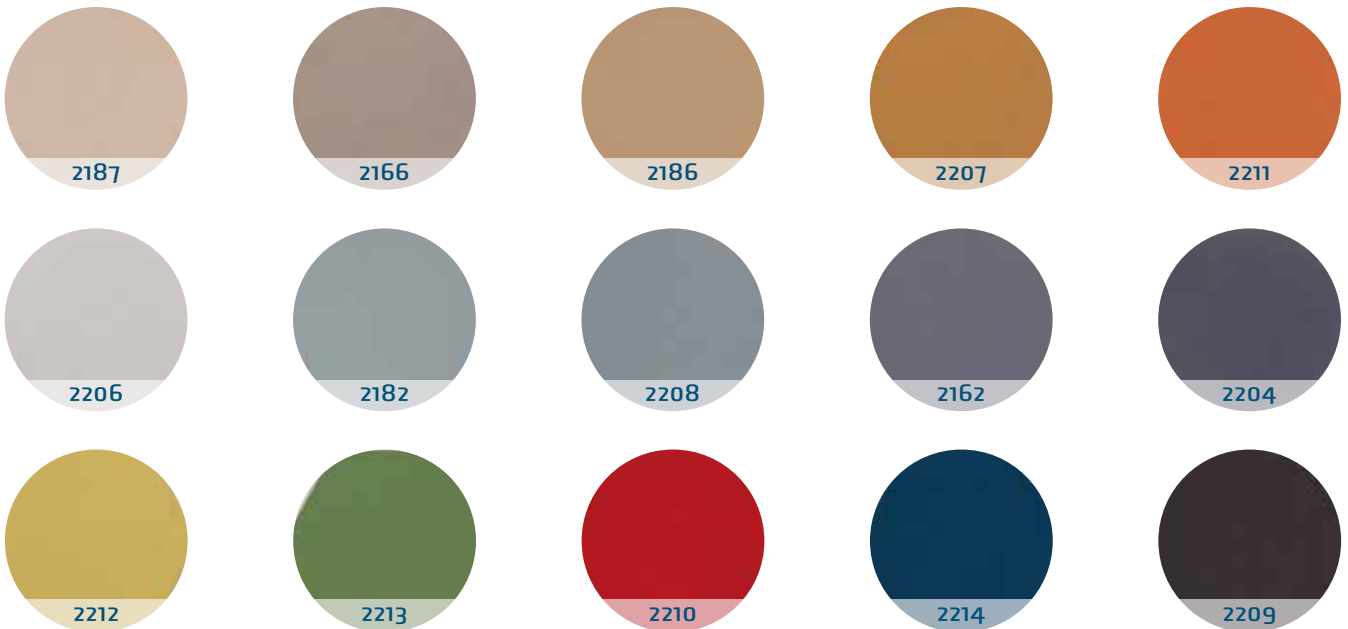

General

Art. number	Surface	Colour code	Diameter	Gross weight	Nett weight
11601.201	Bulletin	2182	Ø 60 cm	7,6 kg	5.35 kg
